Piano Recital

On Saturday, June 28th, the pupils of Mrs. P. H. Coleman gave a piano recital in the Consolidated School at Arrowwood. A local epidemic and bad roads interfered seriously with the number of pupils attending but there were representatives from Milo, Gleichen and Mossleigh augmented the classes in the village.

During the program Rev. V. M. Gilbert, who acted as chairman, interspersed the numbers with bits of biography or history connected with the composers or their compositions.

On the whole the recital was above the average, some numbers, of course better than others, and a few pupils showing excellent technique. The selections varied from the rich heavy classical number to the simpler more popular movement of the polka, walse and march.

Miss Cliffrad's interpretation of "The Roseary," by Neve was wonderful, and too the exceptional of Miss Brinker. Eileen Brinker is a brilliant girl of bright promise. While her playing was rather demonstrative, her technique was excellent, her touch that of a Master, her interpretation full of chaste feeling.

But one was impressed with the unbalanced representation of those taking part. It was distinctly a girls program, very few boys taking part, and one showing in the heavier numbers. This is partially due to the fact that a piano recital which of course it was intended to be. And perhaps the average boy has a tendency to pull down the blinds when he is made to practice. But men need music. They need to sing and play even more than the woman folk. If boys will not take to the piano then why not a trombone or a banjo, where noise is more in evidence than music in early performances. The piano is fundamental and ultimately they will come to want it. Arrowwood ought to do something for its boyhood.

But to return to the recital, Mrs. Coleman is to be congratulated on the excellence of her work. Her pupils showed interest, training, and appreciation. May she have much larger class next fall and the succeeding years.

Precipitation

Precipitation this week, 1.53; total from April 15 this year, 4.80 as against 4.46 last year in the same period, according to Searle Grain Records.

—standing at E. Holloboff's farm, 14 miles East and 1 mile south of Shoultice.

Buffalo Hill News

Mr. and Mrs. R. Shatto, Donald and Inez, accompanied by Mrs. McInenly and Doris, were Calgary visitors for the week-end where Inez took her Music Exams.

Percy McInenly came back home Tuesday after his operation for appendicitis at High River, and is progressing fine at present.

We regret to report the death of Mark DeWitt's father who was buried last Tuesday.

Inez Shatto and Violet Earl of Buffalo School are writing their final exams in Arrowwood.

Mr. J. McCann who is farming the McInenly place has the misfortune to sprain his ankle last Tuesday.

The Eastway Ladies' Social Club are putting on a dance at the Union Jack School Friday, June 28th.

Miss Frances McInenly, who has been residing in Calgary for some time, returned home for a few weeks Monday.

Elsie McInenly is at present staying with Mrs. Earl, whom we are sorry to hear, is not enjoying the best of health.

Arrowwood District Camp

The Arrowwood District Camp, promoted by the Girls' Work Board of the Religious Education Council of Alberta, will be held near the Arrowwood Bridge, July 17th to 24th. This camp is for girls between the ages of 12 and 19 years. Those intending to attend should register with Mrs. J. Mackie at once.

POTATOES FOR SALE — 1 cent a pound, at the farm. Harry Ellis.

LOST — License plate No. 14-724. Finder please leave at the Resource Office.

A number of Mrs. P. H. Coleman's pupils journeyed to Calgary June 15th to attend Toronto Conservatory practical and theoretical examinations held at Palfish hotel and Mr. Royal College.

Theory II—Dorothy Hesko; Inez Shatto, Bruce Gilbert; Orpha Thom, Ruth Northcott, —Milo

Harmony I—Alma Venniland—Milo

Elementary Piano—Norma Pinkerton, Ivy Riches

Primary Piano—Inez Shatto

Intermediate piano—Bruce Gilbert

A.T.C.M. Teachers Course — Eileen Brinker, Milo

Farmers Asked to Co-operate With Statistical Dept.

In June of each year, the Dominion Bureau of Statistics, in co-operation with the Provincial Departments of Agriculture, distributes cardboard schedules to farmers for the purpose of collecting statistics of averages under crop and the number of live stock and poultry on farms. An innovation of 1931 extended this survey to cover the breeding and marketing intentions with regard to live stock. In all of the provinces, except Prince Edward Island, Nova Scotia, Alberta and British Columbia, these schedules are distributed to the farmers through the rural teachers. In these four provinces, the cards are mailed direct to the farmers.

The acreages of field crops, in particular, is the real foundation of the schedules in agriculture production statistics. Only slightly less important in the national planning is the necessity of having correct knowledge of the numbers of live stock on farms. The accuracy of the compilations in both these classes is largely dependent upon the obtaining of completed cards from a fair sample of the total number of Canadian farmers.

Brethren Church Notes

Miss Grace Brubaker will be the speaker at the evening service on next Lord's Day. The fifteen minute song service each Sunday evening is very inspiring. Spend a "Happy Hour" with us next Sunday evening.

The Sunday School will be back on the usual schedule next Sunday. Let us all be in our places, after the enforced vacation.

"Your Father" is the Pastor's sermon theme for Sunday morning.

Rev. Clarence Brubaker has agreed to be adviser for the intermediates in their Sunday evening services. These meetings are held each week at 7.30.

On June 30 Rev. Clarence Brubaker will deliver the message in the morning. A full musical program is being arranged for the evening service of that day.

On last Sunday evening there were several special musical numbers as follows: A male quartet by Messrs. Paul Irwin, Clarence Brubaker, Melvin Bowman and Russell Burris; a duet by Mrs. Harry Brown and daughter Thelma; and a duet by Mr. and Mrs. Melvin Bowman.

On July first the Sunday School will go picnicking. This has been planned for some time as the culmination of the Bible reading contest.

The District Young People's Camp will be held near Arrowwood again this year, July 11-16. The annual Conference will convene in the Irricana rural church, July 11-19. Many from Arrowwood and vicinity are planning to attend.

Blackie Wins Baseball Tourney At Queenstown

Queenstown June 14—Blackie baseball nine carried off the honors in the baseball tournament held here today. Four teams, Leonard, Blackie, Arrowwood and Queenstown competed. Arrowwood won the first game from Queenstown 11-6. Leonard lost a close game to Blackie 12-11, and Blackie continued their winning ways to top the evening game from a strong Arrowwood nine. The score was 5-2.

Arrowwood vs. Queenstown

Arrowwood started in to lay up a lead when the heavy end of their batting order assembled a free trip to first. A single and two baggers, and with the aid of error in the Queenstown infield turned them into four runs that looked big in the score book. Queenstown came right back, however in their half when Mel Bowman, pitching for Arrowwood, presided with passes, then Percy Stull and Ford Mallett contributed two baggers, McLaughlin and Soli singled and Rubbelke sacrificed to garner in five tallies for the home team. Dunks was on in the 3rd inning when hit by a pitched ball and Archambault scored him with a nice two-bagger. Arrowwood tallied two more on the third when the McCullough brothers hit straight singles and Bowman, hit by a pitched ball and advanced by an error, was called safe when he stole home. In this inning Queenstown loaded the bases but Thompson's high fly was taken by Dunks for a third out. Arrowwood made their lead safe in the fourth inning when blows by Archambault, Bowman, H. McCullough, and F. McCullough, a couple of passes and an infield error were good for four more runs.

This ended the visiting team's scoring for the day, but the home boys were able to add only one run, when in the third Soli was safe on an error and

Arrowwood Notes

Mr. J. M. Weins returned on Monday from a visit in the Okanagan Valley.

Mr. C. L. Archambault was a business visitor to Lethbridge over the week end.

Sunday School will be held in the United Church Sunday at 10.45.

The old gasoline pump in front of the West End Garage is being replaced by a new double pump.

In our last week's edition the account of the U.F.A. nominating Convention held at Vulcan stated that Mr. Miller acted as secretary. This was Mr. W. C. Millers of Carmangany and not Mr. Fred Miller, local Post agent.

A shower was held at the home of Mr. and Mrs. C. Johnson last Tuesday evening for Mr. and Mrs. D. Miller. The newweds were the recipients of many useful gifts. A very pleasant evening was spent.

The Bow Valley Baseball League games have been rained out this week. To date Arrowwood have had to postpone 4 games, 2 with Gleichen and 2 with Strathmore. These will be played when the weather man provides more favorable weather.

The W. A. of the United Church is holding a party at the home of Mrs. Mackie on Wednesday June 28, from 3 to 6 p.m. Invitations have been sent out but anyone desiring to attend will be gladly welcomed. A program has been prepared for the occasion.

Rev. Peter Dawson will be the speaker at the Social Credit meeting in Phillip's Hall on Tuesday June 25th at 8 p.m. Everybody welcome. Mr. Dawson is one of the 4 prospective Candidates for this constituency.

Mr. Clarence Brubaker and his sister, Miss Grace, returned last week from California. The former has been a teacher in the schools of Ojai, in that state. The latter has been employed in Pomona, Cal. Miss Grace Brubaker has received a call to take charge of the Congregation at Kindersley, Sask. She will assume her duties at that place immediately after District Conference.

Messrs. R. E. and E. Newton of Hettaw, brothers of Mrs. B. Dahl, and her sister, Mrs. Ruthford and twins, of Grantham, returned to their home on Monday after a short visit at the Dahl home.

Veteran Mounties Invited to Celebrate Jubilee at Calgary

It was sixty years ago this year that the first troop of the N.W.M. Police arrived at the banks of the Bow River where the Elbow discharge joins it. The records do not show just how many were in that body but it was under the command of Inspector Briabols and Sub-Insp. Cecil Danny. They had started from Macleod, with the intention of locating a fort at a suitable spot on the Bow River but through an error they must have crossed that river and got to the Red Deer River before the mistake was discovered. They turned south a distance. This turned out to be from the North Hill. To cross the river it was found necessary to lash tarpaulins around the wagon boxes and float them across. Mr. G. C. King, the retired postmaster at Calgary, is credited with having been the first policeman to land on the site of Calgary. He jumped ashore with a rope to make fast the floating wagon box. Many buffaloes were to be seen and a lone tent was observed in the distance. This turned out to be Father Doucet, a Roman Catholic priest who was making his way south and hoping to evade to the war-like Blackfeet. One can imagine his joy at meeting the policemen. This was the year 1875. It was not long before a fort was built on the banks of the two river. The I. G. Baker Co. of Benton, Montana, were employed to haul the supplies to the new site and assist in building the fort. This company decided to open a store of their own and it was not long before some of the policemen took their discharges as their time expired. These in their turn opened businesses of their own. This town progressed so well that by 1885 it was incorporated and an exhibition board was formed and functioned that year.

It is for the purpose of celebrating these two events that the city of Calgary and the Exhibition Ltd. have invited all ex-members of this famous force to a reunion at Calgary.

This is to be no picnic affair. In the first place the Calgary Herald has kindly permitted the veterans to use their old old office in the Southam Bldg. to be converted into their headquarters and beds will be furnished for the use of those veterans who prefer to sleep there and recall the old barracks-rooms of years gone by. The only difference will be that there will be a modern building and no log shanties. The bed will not be made of poles.

The Jubilee and Stampede will start on the morning of July 8th and last all week. The Stampede is to be opened by Major General Sir J. H. MacBrien, Commissioner of the R.C.M.P. and a musical ride, similar to that shown at New York last year, will be presented. Altogether this will be Mounted Police Week.

Particulars of the veteran's participation can be obtained from J. Nash, Secretary to the Jubilee Committee, 3009 17th St. W., Calgary.

Mrs. P. H. Coleman, of Arrowwood, teacher Piano, Vocal, Theory, Harmony, Counterpoint, History and Form. In Milo every Wednesday.

Because It is Farmer Owned

Because it is farmer owned, farmers expect, and they have a right to expect, the highest possible standard of service and treatment at elevators of this farmers' company.

And many farmers tell us that they do get such treatment at U.G.G. Elevators.

Live "Dragons" At Zoo

Habitats Of Dutch East Indies Taken To London

There were live dragons in King George's Silver Jubilee celebrations, but they did not take part in the procession.

There was a pair of them and they were seen for the first time by the public at the zoo.

Komodo dragons in their full name, though learned people speak of them as monitor lizards. They came from Komodo Island in the Dutch East Indies, whence they were brought by Lord Moyne, who has been there studying their habits in the wild state. Some of the animals in their native habitat are 12 feet long, and their nearly-related, extinct Australian species grew to 50 feet. And these it is that are supposed to have been the original of the dragon legends throughout the world.

Seen travelling erect on their four legs—now crawling like the alligator with their lengthy heads carried aloft and the tips of their long tails sweeping the earth, they are indeed capable of inspiring fright in the primitive mind.

The pair given to the zoo are the most interesting and valuable reptiles in this wonderful collection and some striking photographs of them in their native surroundings accompany the exhibits. They were kept in the zoo menagerie and a few of the keepers might study their habits, and were then put on view for the first time on the King's Jubilee Day.

A Remarkable Personality

Cleaning Revealed Effigy Of Black Prince Is Pure Gold

The Black Prince—or at least his statue—is no longer black.

For centuries the statue over his tomb in Canterbury Cathedral has been as black as his name. It was never cleaned.

Then, about a month ago, it was cleaned of grime and a coating of protective enamel were delicately removed under the direction of Professor W. W. West.

Most beautifully wrought effigy in pure gold on a foundation of bronze was revealed. It is in almost perfect preservation and is one of the most wonderful examples of fourteenth-century craftsmanship in existence. The tomb was built 500 years ago.

"The most magnificent tomb in England," is Professor Tristram's description.

"We clean the cathedral regularly," the Dean of Canterbury said, "but for some reason, I really don't know why, it never occurred to anybody to clean the Black Prince. Now that we have done so everybody is delighted, and we are having a great many visitors. The tomb is one of the most lovely monuments in the world. Its value is incalculable."

Gasoline Discovered

Unable To Explain Gasoline Reservoir Near Earth's Surface

A huge underground lake of pure gasoline was discovered in the harbor district near Wilmington, California, causing hundreds of persons to stampede to the scene.

Shallow wells, most of them dug to a depth of only two feet, were producing from four to six gallons of gasoline an hour.

The scene, a low area about two blocks square, was dotted with hundreds of gasoline "prospectors," some of whom brought hand pumps to speed up production. Motorists filled the tanks of their automobiles and trucks.

Fire Chief Ralph Scott, at a loss to account for the gasoline reservoir beneath the earth's surface, said, however, it probably came from a leak many years ago in a pipe line leading from a refinery to a harbor terminal.

More Counterfeiting

Advances Made In Science Makes Danger More Threatening

The United States secret service countered advances in science have made counterfeiting a more threatening racket than ever before. Statistics prepared by Chief William H. Moron showed there were 999 arrests and 668 convictions for this offense in 1930, while in 1934 there were 1,731 arrests and 1,602 convictions.

Officials declared the perfection of photo engraving process has enabled the underworld to turn out illegitimate currency in a much more efficient manner.

Construction of the Canton-Hangchow railway to the Pacific is progressing rapidly that the line may be in operation this year.

ALL FOOD MADE HERE

ILL

Caused by Acidity—Corrected by Kruschen

"It is only fair to pass these things," writes a nurse. "I was suffering from over-acidity and flatulence to such an extent that I was completely ill. I couldn't take food. When I actually forced myself to take something, I would be wretchedly ill. I have now taken Kruschen for 12 months, and I have no doubt that it has righted my digestive system. I am now quite fit and able to work with vigor again."—Nurse E. S.

Indigestion is caused by a failure in the flow of the gastric or digestive juices. As a result, your food, instead of being assimilated by your system, producing harmful acid poisons.

The direct effect of the acid is the real cause in Kruschen is to promote the healthy flow of the vital juices of the body. As you continue with the "little daily dose," it ensures the regular and complete elimination of all waste matter every day. And that means a complete end to indigestion.

A Remarkable Personality

British Empire Suffers Great Loss In The Death Of Col. Lawrence

The death of Col. T. E. Lawrence—or, to be more correct, Col. T. E. Shaw, since evidently he had changed his name by legal process of recent years—the British Empire of one of the most colorful figures it has yielded.

"Lawrence of Arabia" was more than colorful; he was almost a mythical god. There was even a suggestion of messianic strain about the man, so remarkable were his powers of leadership and influence.

Lawrence, only 46 at death, and a graduate of Oxford, unquestionably helped to the winning of the World War on its Eastern front. He was who, by sheer personal influence, quelled friction among the Arabs and routed and marshaled them against the Turks. He helped militarily toward Arabia's victories in Palestine. He was a strange combination—scholar, soldier, mystic and diplomat.

He was a peculiar yet real, and a graduate of Oxford, unquestionably helped to the winning of the World War on its Eastern front. He was who, by sheer personal influence, quelled friction among the Arabs and routed and marshaled them against the Turks. He helped militarily toward Arabia's victories in Palestine. He was a strange combination—scholar, soldier, mystic and diplomat.

Lac Seul Project

Rising Of Wet Water Causes Damage To C.N.R. Road Bed

Rising of the waters of Lac Seul in northwestern Ontario has caused damage to the road bed of the Canadian National Railway, Hon. Hugh Spence, minister of railways, told the House of Commons, explaining a vote of \$175,000 in the public works bill for Lac Seul project.

The lake level has been raised under an agreement between the Dominion and the provinces of Ontario and Manitoba in connection with power development.

The money will be used for rip-rapping along the railway and contributions to the cost of the work will be sought from both Ontario and Manitoba.

In Memory Of Livingstone

Statue Of Famous Explorer Erected In South Africa

A famous explorer's memory has been perpetuated by a memorial erected almost at the edge of the Devil's Cataract of the Victoria Falls in South Africa.

The statue, the first of its kind, is always to be heard and the spray of tumbling waters ever visible. The memorial is in the form of a statue of Dr. David Livingstone, unveiled by the Hon. H. U. Moffatt, former Premier of Southern Rhodesia, and himself a nephew of the famous explorer.

The memorial to the famous Scot and discoverer of the Falls has been provided by the Federation of Caledonia Societies of South Africa.

Economic Air Transport

Aerial Trails Can Drop Gliders At Different Points

A Soviet aerial train took off in mail week from Moscow on an experimental flight and landed four and a half hours later at Kharkov, about 400 miles away. It consisted of one regular aeroplane towing three gliders each manned by a pilot.

The idea of such aerial trains is that individual gliders can drop off at different points without the main aeroplane landing, thus providing swift economic air transport.

Russia Making Rubber

Oil Waste And Calcium Used In New Process

New processes for making synthetic rubber out of the waste products of oil refineries and from calcium carbide are being tried out in Russia.

Heads of the Soviet industrial syndicates expect shortly to be manufacturing the product at the rate of 20,000 tons a year.

This will have far-reaching effects on the rubber-growing plantations of the Far East, and will upset considerably the working of the Rubber Restriction Scheme, under which 30 per cent. of the trees are not being tapped so as to force up raw rubber prices.

The first factory for manufacturing rubber from oil waste is now being started in Moscow. The lessons learned there will be applied in the construction of several large plants in the oil well districts.

About 35 pounds of rubber are produced from the waste products obtained from refining a ton of oil. In the past these products in many cases had to be wasted.

The other process, for manufacturing rubber from calcium carbide, is to be operated at Erivan, in Armenia, where a factory is now being constructed. The process is the invention of a number of young Soviet scientists working in Leningrad.

Water is added to the calcium carbide, forming acetylene, the gas of which is often used for lighting. Then, after a series of chemical reactions, a substance called chloroprene is produced and thus ultimately becomes rubber.

The theorists said to have all the working and wearing qualities of real rubber, and to be very much cheaper.

Best Aid To Sleep

Formula For The Perfect Night-Cap Has Been Evolved

It is generally recognized that the best aid to sleep is warm milk; and that the main use of all night-caps is not as a soporific but as a means of removing from hot milk the unpleasant taste which prevents so many people from drinking it regularly at night. Since tea is the cheapest beverage in the world, and the one that is in every family cupboard, its use in this connection is highly desirable. A formula for the perfect milk night-cap has now been evolved. Tea should be made in the usual way, which means that it should be made of leaf should be allowed for each person and one for the pot. The pot should only be filled half way, and when pouring out should be used four to five minutes infusion, the cups should be only half filled. They should then be filled up with hot milk, but not with boiled milk.

Twenty-two million cups of tea are drunk in Canada every day or over 100 million cups a year. The tea industry is therefore one of the farmer's greatest allies, for investigation has shown that the number of people who drink tea without milk is almost negligible.

Welcome Heavy Rain

Australians Glad To See "Knock 'em Down" Variety

Darwin, Northern Australia, recently welcomed the annual "knock 'em down" rains.

Although this aboriginal description of the torrential downpours, which herald the end of the wet season, sounds grim, the rains are very welcome throughout the Northern Territory. These heavy downpours towards the end of the monsoon period level the long grass which earlier falls have caused to grow to a height of six to ten feet.

The three months following Christmas, about 40 inches of rain fell in Darwin, and the grass bordering the roads was so high that the motor cars along the road could not see a friend walking along the foot path. In low-lying sections of the city grass grew in a tangled mass four feet high. That is why "knock 'em down" rains are welcome.

New Type Of Tent

Framework Of Airtight Cloth Tubes Has To Be Inflated

A pneumatic tent recently displayed in London must be pumped up in place of the customary centre pole and guy ropes, the shelter has a framework of airtight cloth tubes that may be blown up with an ordinary motor pump when the camping place is reached. When it is erected, the tent is six feet high and seven feet square. Deflated, it fits in a suitcase.

An Old Organization

First Holstein Society Started In Germany In 1872

Cattle resembling the present-day Holstein have been bred for centuries along the north shore of the North Sea, from Holland over to Denmark. Some of the early importations into the United States came from the German province of Holstein, just south of Denmark and north of Prussia.

Holstein was started in 1872. But most of the early importations came from Friesland and the country in Holland bordering on the Zuider Zee and a Dutch-Friesian Society was started in the States in 1870. These two merged in 1885 with the name of the Holstein-Friesian Association of America. Although the most of the foundation stock of the breed came from Friesland the name has stuck, the Holstein-Friesian Association of Canada having been formed in 1891.

Blackie Wins Tourney

(Continued from page 1)

scored when Ford Mallett lined out his third hit in three times up. Queenstown threatened in the seventh but the third out was made with the bases loaded. Thompson made an unassisted double play when his catch of Norton's fly caught F. McCullough off the sack. Bushell pitched 3 innings and Mallett 4 innings for Queenstown, while Bowman went the route for Arrowwood.

Arr'd—M. Bowman p, Archambault c, Norton 1b, H. McCullough 2b, Dunka 3b, D. Bowman ss, Cary lf, Boss cf, F. McCullough rf.

Qu't'n—Bushell p, rf, Mallett rf, p, Rubbelke c, Soli 1b, Thompson 2b, McLaughlin 3b, Asseltine ss, Stull lf, Sharpe cf.

Score by innings
Arr'd—4 1 2 4 0 0 — 11
Qu't'n—6 0 0 1 0 0 — 6

Umpire—E. Watwood

Lomond vs. Blackie

The game looked like a walk-away for Blackie when they piled up a 10-0 lead in the first four innings behind the steady pitching of "Chueh" Baker, but they did not fare so well after both managers changed strategy and line-ups. H. Manning went into the box for Lomond in the fourth inning and held the heavy bats of Blackie in check while his comrades benefited from W. Wain's wildness and laced out enough lusty blows to notch eleven scores. Blackie boosted their total to 12 in the sixth and the visitors from the south were nosed out by an eyelash when Koch was caught trying to steal the tying run in the seventh.

Lomond—Moranda p, Manning p, Moranda c, Koch 1b, Matheson 2b, Donnelly 3b, C. Koch ss, Sleeves lf, Frost cf, Erskin rf, Hough rf.
Blackie—Baker p, Woolridge c, Harper 1b, Adderman 2b, Evans 3b, Malmberg ss, Murray lf, R. Wellman cf, T. Wellman rf, p, Myers rf.
Lomond — 0 0 0 3 2 0 — 11
Blackie — 0 1 5 4 0 2 x — 12
Umpire—E. Watwood

Arrowwood vs. Blackie

This was the best game of the day, a close seven inning struggle that ended 5-2 in Blackies favor. Only ten Arrowwood batters faced Baker in first three innings and only one reached first and that was a base on balls. Blackie had 2 runners safe in the 1st on successive infield errors and one runner scored. Blackie batters set up a regular fusillade of socks in the third inning to

bring three runners over the pan. Arrowwood got in the game in the fourth when Sharpe hit safely, stole second and scored on H. McCullough's two base hit. Blackie counted again in the fifth when Woolridge, Evans and Steer singled. Arrowwood threatened in the 6th but Sharpe was out at 3rd trying to stretch a hit. Arrowwood got one more run in the 7th when Boss drew a walk and Miller got a long single close to the third base foul line. Miller went the seven innings in the box for Arrowwood and Baker for Blackie. Baker allowed 4 hits while Miller allowed 7, but Arrowwood's errors were costly.

Arr'd—Miller p, Archambault c, Bowman 1b, H. McCullough 2b, Stull 3b, Asseltine ss, Boss lf, Sharpe cf, F. McCullough rf, Blackie—Baker p, Woolridge c, Harper 1b, Steer 2b, Evans 3b, Malmberg ss, Murray lf, Wellman cf, Myers rf.
Arrowwood—0 0 1 0 0 1 — 2
Blackie — 1 0 3 0 1 0 x — 5
Umpire—Dr. E. J. Liesemer

Baptist Church service every Sunday at 11 a.m.

Queenstown Items

Queenstown W. I. met at the home of Mrs. R. Allen, June 6, 30 members and visitors being present. A very interesting meeting was held, Mrs. McCabe gave a wonderful report on the conference held in Edmonton in May. A lovely lunch was served by the hostesses assisted by Mrs. Mallett and Miss S. Brown.

The rains this past week were a great help to the crops and they look much better.

The Queenstown Farmers Telephone Co. held a meeting in Pioneer School on June 17, with a good turn-out.

Chis Ferguson's truck met with an accident at a railway crossing in Calgary last week, resulting in considerable damage to the cargo and rear end of the truck. Mrs. Ferguson and O. Lahd were in the truck.

A very delightful shower was given in honor of Agnes Rubbelke on June 15, at the home of Verna McLaughlin where many old school pals and friends gathered to wish her much happiness in the future. Many beautiful and useful gifts were received. The gift bearers were: Verla Soli, Marie Soli and Leona Lund. A delightful lunch was served and the party broke up by singing "For She's a Jolly Good Fellow".

Out of active service for some years past, Canadian Pacific liner *Wattle* has been sold to British shipbreakers. She was built in Glasgow in 1912.

"Never betray a trust; be honest; do what other men can do; and work your eight hours a day" is the recipe for success enunciated by Caleb R. Smith, international chairman of the Million-Dollar Round Table, speaking to the Life Underwriters in convention at the Royal York Hotel, Toronto, recently.

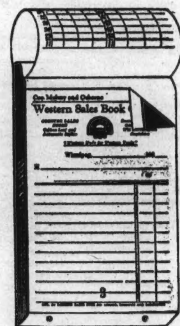

James G. Miller, Medicine Hat, veteran Canadian Pacific engineer, recently celebrated his 72nd birthday, when railway acquaintances and relatives gathered to congratulate him. He was born in Drummondville, Que., and has been drawing a railroad cheque for more than 54 years.

A couple of score of fine old railroaders who five decades ago helped push the steel around the north shore of Lake Superior for the Canadian Pacific Railway, gathered near Jackfish, Ont., recently to re-narrate the driving of the last spike at Noto on May 16, 1885. Alex. Anderson, Port Arthur, who held the spike when it was driven fifty years ago, drove home a new spiked spike with a vigor that belied his 81 years.

The 1935 Ford V-8

is acclaimed by everyone for its stunning beauty, luxurious upholstery, smart appointments. Beneath shimmering beauty is Gibraltar-like strength and safety—a welded-into-one-piece solid steel body. The extremely strong X-type frame of last year has been further strengthened. The breaks are more powerful and operate with less pedal pressure. Big Air-Balloon tires give more road contact and resist tire roll on fast corners. De Luxe models are equipped with Safety Glass all around—at no extra cost.

Our new SPECIAL WHITE GAS is a refined product and is meeting with general approval -- at a new low price.

Autolene Oil, the life-saver of gas engines—a weight for every purpose at attractive prices.
